Kodoja vol.1 was a MONSTER success, selling out across the country both in stores and during the cross-country convention tour the team undertook. But they were hard at work the whole time and we're pleased to announce the first issue of the next volume, ready for order right now! In fact, we've got a special variant cover by renowned Godzilla illustrator Jeff Zornow!

**Cover A order code: AUG162016**

**Cover B order code: AUG162017**

The story:

*Months after the events in Kodoja Volume 1 that ended with the shutdown of Kodoja, the Special Weapons Team find themselves dealing with another crisis: after months of showing no signs of activity, Kodoja is live! As the Bio-droid tries to break out of Special Weapons Headquarters, a curious linguistics coincidence leaves two professors searching for answers.*

*About 215 Ink: 215 Ink is an independent book publisher based in Philadelphia, PA, dedicated to showcasing some of the most original creator-owned titles from some of the best up and coming creators. Formed in 2010 with a single title, *Massive Awesome*, the company now publishes nearly thirty titles both in print and digitally.*
